EXPERIENCE

ASSOCIATE TECHNOLOGY LEVEL 2• PUBLICIS SAPIENT• 15/9/2021 – PRESENT (REACT DEVELOPER). LOCATION- BANGALORE
USBank:
Some of the major features i worked on this project--
-Created externaloffersConsent microapp using React JS.
-Worked on some features for adding and managing external accounts.
- Increased performance of our website by using module Federation and sharing codes from one microapp to another.
- Converted our microapps from Javascript to Typescript.
- Converted our microfrontend apps to Monorepo using turborepo.
- Enhanced Logger and error handling and used Splunk for logs monitoring.
- Worked on A/B testing for some of our features.
- Here we used webpack, Context API, graphql, React testing library, Atomic Design Pattern , SOLID design principles and USBank specific designs components.

SYSTEM ENGINEER • INFOSYS • 06/01/2020 – 15/9/2021
